SUMMARY

Hello, my name is André Rodrigues, I'm 21 years old.
I'm currently in my third year of a Bachelor's Degree in Technologies and Information Systems for the Web.
Throughout my studies, I've worked on design and web development projects in small teams, learning to manage tight deadlines and deliver clear results.
I'm now looking for an internship or junior role where I can apply my programming and UI design skills, contribute to a company's growth, and continue developing professionally and personally.

EMPLOYMENT HISTORY

Junior UI Designer, Hardwired - Digital Solutions, Lda.....Dec 2021 - Jul 2024

Key Responsibilities / Achievements:

- Designed user interfaces for mobile applications using Figma, creating intuitive and visually appealing experiences;
- Produced social media content for the company, boosting engagement and brand visibility;
- Collaborated with cross-functional teams to ensure design consistency and usability across projects;
- Assisted in concept development and prototyping, contributing to efficient project workflows.

Junior Web Developer, SUBA - The Growth Agency.....Feb 2023 - Jul 2023

Key Responsibilities / Achievements:

- Developed a static website and landing page for a university project using HTML, CSS, JavaScript, and PHP.
- Built a back-office system for managing website content efficiently.
- Gained practical experience working with WordPress, learning CMS customization and management.

Computer Technician Intern, Somani Sociedade Textil, S.A.....Feb 2020 - Jul 2021

Key Responsibilities / Achievements:

- Assisted the IT Technician with daily IT operations and support within the company.
- Supported the implementation of internal IT processes to ensure smooth company operations.
- Gained practical experience in IT maintenance and business software management.

EDUCATION

Instituto Politécnico do Porto (ESMAD).....Sep 2023 - Jul 2026

Bachelor's Degree in Technologies and Information Systems for the Web

- Key Learning Outcomes / Modules:
 - Frontend Development: Worked with Vue.js, Vite, and Tailwind CSS; created a dashboard project integrating the Spotify API.
 - Backend Development: Developed skills in Node.js, Express.js, MongoDB; tested APIs using Postman; created a dynamic website for the Eco-Schools event at university.
 - Performance Testing: Learned and applied Selenium and Jest to optimize web application performance.
 - Artificial Intelligence / Data Science: Used Python and Jupyter Notebook to build a prediction and classification model to forecast book ratings based on customer reviews.
 - UI/UX and Graphic Design: Advanced use of Figma; designed a diet management application UI/UX project.
 - 3D Graphics and Interactive Media: Gained knowledge in Three.js, Blender, Da Vinci Resolve and ProtoPie for interactive designs and animations.
 - Project Management: Project planning using Notion and Trello.

Instituto Politécnico do Porto (ESMAD).....Oct 2021 - Jul 2023

Higher Technical Professional Course in Design and Technologies for Mobile Applications (CTeSP)

- Key Learning Outcomes / Modules:
 - Learned UI/UX design principles and best practices for mobile applications.
 - Gained hands-on experience with Figma and Adobe Illustrator for interface and graphic design.
 - Focused on frontend development, working with Flutter and Dart for mobile apps.
 - Acquired basic knowledge of HTML, CSS, JavaScript, Bootstrap, and Firebase.
 - Developed practical projects combining design and programming skills to create functional mobile interfaces.
